-----CUT ABOVE THIS LINE-----

Simply print out our card. Take it to your pharmacy along with your prescription. It is already activated.

Everyone qualifies. Savings potential for individuals with no insurance, medications not covered by your insurance, seniors in the "Donut Hole", high deductible plans and if your prescription is less than your co-pay.

No forms to fill out, no waiting period, no medical exams needed and no enrollment fees.

- Q.** How do I determine my prescription medication pricing and which pharmacies accept the Card?
- A.** Click on the link below to visit the 'Pharmacy Locator-Drug Pricing Tab' on our website at <http://www.hcplllc.com/rx-locator.html>
Enter your zip code, medication and quantity to find a pharmacy near you and to determine your potential savings. Prices may vary between pharmacies.

Tell your family, friends and anyone you know about the *My Free Savings Card* so they can start to enjoy the same savings benefits for themselves and their pets.

Yes, you can save on your pet's prescriptions too!

Ask your veterinarian if your pet's medication is a human drug. If it is, ask your veterinarian for a prescription to take to your local pharmacy. The prescription will need to be in your name referencing you pet.

NOT an insurance card and cannot be used with insurance or any other savings program. It is a discount prescription savings card that can save you MONEY and makes your prescriptions more affordable!

Prescriptions costing \$4 or less are not covered.
This is not a guaranteed savings. The average savings is 53.6%.
